WELCOME TO LOS ANGELES!

We are so excited to welcome nearly 2,000 foot and ankle surgeons to the 2023 ACFAS Annual Scientific Conference – the profession’s leading educational and networking event!

We’ve planned an exciting conference where you’ll learn about the latest in our profession while earning CME and networking with your peers. ACFAS 2023 offers countless opportunities, and we’re confident you’ll gain new skills and knowledge to take your practice to the next level.

Maximize your ACFAS 2023 experience with:

- Highly-focused courses taught by experts in our profession
- Award-winning research, papers, posters, and case-studies
- Engaging discussions you won’t find anywhere else in the HUB
- An inspirational Opening Session featuring Keynote Speaker Victoria Arlen
- State-of-the-art technology and innovative products in the Exhibit Hall

Be sure to visit the ACFAS Member Center to see the many services that the College can offer you, including

- The ACFAS Logo Store
- Practice marketing tools
- Upcoming and OnDemand educational opportunities
- Daily prize drawings

We hope you have a great time, and as always, thank you for choosing ACFAS!

THURSDAY, FEBRUARY 9

10:00 am

Inter-Relationship of Life and Work: Balancing Personal Demands in Different Types of Podiatry Practices

Moderator: Emily Quinn, DPM, FACFAS

Speakers: Christopher Hood, DPM, FACFAS; Amanda Quisno, DPM, FACFAS

As we learn to balance the different demands of patients early in our career, we learn quickly that medicine is not just evaluation, diagnosis and treatment of the patient. Meetings, charts, paperwork, prior authorizations – steal our time if our time is not carefully managed. Each different podiatry practice type places different demands on the physician that affect the cohesiveness of work and life. In the goals to be professionally and personally successful, one must learn to balance these two worlds and merge them in a cohesive manner. Join us to learn of the different demands and stressors placed on the physician in the different practice types.

11:00 am

The Intersection of Social Media and Healthcare

Speaker: Alan MacGill, DPM, FACFAS

Social media continues to be a powerful marketing force to consumers. More and more physicians are embracing this to attract patients, recruit students, and to stand out from others in the profession by offering “infotainment” in social media. Dr. MacGill will discuss the accepted standards for running a page, why he got involved, what has worked for him, and statistics behind the growing use of social media by healthcare providers. Hear the benefits of having an active social media presence, the dos and don'ts of running a social media page and the statistics behind consumers searching for a physician online and via social media.

12:00 pm

Expert Rapid Fire!

Speakers: Sean Grambart, DPM, FACFAS and panelists

Have you ever wanted or needed just a quick expert opinion? In this session, a panel of experts give their rapid opinions to treat multiple pathologies including reconstruction, trauma, and sports medicine. Audience can also ‘fire’ their questions at the panel!

1:00 pm

CPME 320 Re-Write: Are We There Yet?

Moderator: Harry P. Schneider, DPM, FACFAS

Speakers: Randall Dei, DPM, FACFAS; Danae Lowell, DPM; Melanie Violand, DPM, FACFAS; Keith Cook, DPM; FACFAS; Steven Vyce, DPM, FACFAS

Every six years, the Council on Podiatric Medical Education (CPME) conducts a comprehensive review of its standards, requirements, and procedures associated with its evaluation activities of its accredited residency programs. In 2020, the Council began review of its CPME 320 publication, *Standards and Requirements for Approval of Podiatric Medicine and Surgery Residencies*. Hear the current status of this review and the next steps in the adoption of any last revisions and changes to the podiatric medical residency education standards.

2:00 pm

Everything You Need to Know About ABFAS Board Certification

Speakers: ABFAS President Jeffery L. Giesking, DPM, FACFAS; ABFAS President-elect Nicole A. Bauerly, DPM, FACFAS

The rigorous certification process of the American Board of Foot and Ankle Surgery is essential in opening doors, from attaining hospital privileges, to becoming a shareholder or partner in your practice, to serving as an ASC speaker! ABFAS leaders will help guide you in successfully preparing for ABFAS Board Certification.

3:00 pm

Female Involvement Within the College - A Round Table Discussion

Speakers: Thanh Dinh, DPM, FACFAS, Brandi Johnson, DPM, FACFAS, Marie Keplinger, DPM, FACFAS, Lisa Levick, DPM, FACFAS; Laura Sansosti, DPM, FACFAS

We're seeing that within the major podiatric schools, that male and female attendance is fairly equal (about 50/50). However, within ACFAS membership, those numbers are not as equal. How can we make female involvement greater within the profession and within the College? Join us for a very special HUB session where we will discuss volunteer opportunities and pathways towards leadership at the College. In the first part of the sessions, panelists will share opportunities, like serving as faculty, but will also have frank discussions around challenges they've faced and how they've overcome them. In the second part, the panelists will encourage attendees to discuss challenges and ideas to help facilitate changes.

FRIDAY, FEBRUARY 10

10:00 am

Medical Malpractice Issues: Pearls to Practicing Defensive Medicine

Speaker: Michael Downey, DPM, FACFAS

We all need to be aware of podiatric malpractice issues. This session will allow the audience to ask questions from a seasoned podiatric physician and malpractice expert regarding any malpractice issue in their practice. The speaker will also address today's most common malpractice issues and debates. Walk away from this session with an understanding of some common pitfalls podiatric physicians and surgeons encounter regarding malpractice issues.

11:00 am

How to Play the RVU Game

Speaker: Jennifer Van, DPM, FACFAS

This session will target an audience looking to familiarize themselves with RVU based compensation and incentives. Learning objectives include understanding and navigating the world of RVUS, particularly as it relates to compensation in a hospital-based practice setting.

1:00 pm

Let's Talk About the New ABFAS LEAD Continuous Certification Program

Speaker: ABFAS Continuous Certification Chair Christopher D. Lotufo, DPM, FACFAS

The American Board of Foot and Ankle Surgery's shift to Continuous Certification—the LEAD program—represents a major change in how Diplomates recertify. ABFAS Continuous Certification Chair Dr. Lotufo will explain what you need to know to participate in the program and recertify on time.

2:00 pm

The Fellowship Experience: Is Advanced Training Right for You?

Moderator: Jeeten Singha, DPM, FACFAS

Speakers: Sarah Haller, DPM, FACFAS; Joslin Seidel, DPM, AACFAS; Edgar Sy, DPM, AACFAS; Joshua Wolfe, DPM, AACFAS

Are you curious about the ACFAS Fellowship experience? Hear advice from recently graduated and current fellows to determine if a fellowship is right for you. This session will cover how to make an informed decision on fellowship; how to be a competitive applicant; how to choose the right program; how to maximize your fellowship experience; and the unexpected benefits of participating in a fellowship. Additionally, we will provide time for questions from the floor.

3:00 pm

Residency Directors Panel Discussion

Moderators: Karla De La Mata, DPM; Tommy Saing, DPM

Speakers: Tyson Green, DPM, FACFAS; Kimberlee Hobizal, DPM, FACFAS; Christy King, DPM, FACFAS

Our residency directors' panel is back for another year to answer all your questions from how to stand out as an applicant to ways to ace the interview! We'll begin with a presentation covering the process from externship to intern year. CPME standards are the same for all programs, but each residency program is still unique and can affect your future opportunities. Join us to ensure that you have as much information as possible before making your "match" list.

Topics addressed will include:

- Learning the differences between each residency program
- Determining which residency program is the best fit for you
- Figuring out what you want from a residency program
- Ways to stand out as a podiatric student applicant
- Interview process - keys to success and winning them over
- Tips on transitioning into the role of a resident and maintaining the work-life balance

SATURDAY, FEBRUARY 11

10:00 am

ACFAS Fellowship Initiative: Program Directors Meeting

Moderator: Mark Solomon, DPM, FACFAS

Speakers: Matthew Doyle, DPM, FACFAS; Michael Subik, DPM, FACFAS; Ross Taubman, DPM, FACFAS; Jacob Wynes, DPM, FACFAS

Fellowships have expanded by leaps and bounds since the ACFAS Recognized Fellowship Initiative was launched in 2010. This session will discuss the current status of the initiative; share any changes to the "Minimal Criteria for Recognized Fellowships" listing; and will provide time for open Q&A. There will also be a brief discussion on the provision of insurance tail coverage to fellows.

THURSDAY, FEBRUARY 9

12:00 – 1:00 pm *Arthrex*

Arthrex Minimally Invasive Surgical Solutions301AB

Michael Downey, DPM; Joseph Park, DPM; Noman Siddiqui, DPM; James McWilliams, MD

Arthrex invites you to a discussion on our innovative, safe, and reproducible techniques in the MIS space. This session will focus on minimally invasive procedures that shorten recovery time, reduce scarring, and enhance patient outcomes.

7:00 pm *Paragon28*

The Experience: Total Ankle & Total Talus Replacement 306AB

Lab Proctors: Douglas Blacklidge DPM; Tom Chang, DPM; Jeff Christensen, DPM; Jack Schuberth, DPM

Enjoy a hands-on-experience gaining surgical insight into Paragon 28’s Hindfoot Arthroplasty products: APEX 3D™ Total Ankle Replacement System & Patient Specific Talus Spacer*. The APEX 3D™ Total Ankle Replacement System is designed to address end-stage ankle arthritis and current challenges within the total ankle market including implant loosening, pathological wear, instability, and persistent pain. The Patient Specific Talus Spacer is the first and only Patient Specific Total Talus Implant approved by the FDA for the treatment of AVN of the Talus. Attendees will learn how to implant both products individually from industry experts from across the United States.

7:30 pm *Treace Medical Concepts*

Lapiplasty® Cadaveric Workshop 304ABC

Marque Allen, DPM; Mindi Dayton, DPM; Paul Dayton, DPM; Daniel Hatch, DPM; Kurt Kinghorn, DPM; Jody McAleer, DPM; Jeffrey McAlister, DPM; Jason Miller, DPM; Robert Santrock, MD; Michael Theodoulou, DPM

Experienced faculty will lead cadaveric training on the latest innovations in the Lapiplasty® System, an instrumented, reproducible approach for 3-plane hallux valgus correction.

FRIDAY, FEBRUARY 10

6:30 – 7:30 am *Stryker*

Digital Innovations in Total Ankle Arthroplasty: Prophecy 3D Viewer, Prophecy Footprint, CurveBeam.303AB

Hodges Davis, MD; Murray Penner, MD; Ryan Scott, DPM

This session will outline the latest digital advancements for Prophecy Surgical Planning, including Prophecy 3D Viewer and Prophecy Footprint. Learn how these digital tools can be utilized to help plan and review your total ankle cases in the future, as well as providing insight into ancillary procedures of the foot.

6:30 – 7:30 am

DePuy Synthes

MIS Distal Bunion Lab featuring the miniBunion™ Implant . . . 308AB

Bradley Lamm, DPM; Jason Hiatt, DPM

This didactic lab will feature the miniBunion™ MIS Distal Bunion system. Participants will be able have the ability to perform the procedure on a synthetic cadaver specimen.

6:30 – 7:30 am

Enovis

Continued Disruption through New Product Innovation 309

Daniel Perez, DPM; Christopher Juels, DPM

Join Enovis Foot & Ankle to focus specifically on the our latest products DynaNail Helix, DynaClip Delta and DynaClip Quattro, Enofix and STAR PSI. During this session, our panel of surgeons will demonstrate the use of these new offerings from knotless suture anchors to our latest nitinol technologies and of course our patient specific instrumentation that is now available for STAR®.

12:00 – 1:00 pm

Arthrex

Arthrex Extremities & Trauma Innovations 301AB

Michael Downey, DPM

Arthrex invites you to explore our most recent innovations in extremity and trauma. Best-in-class surgeons will cover newly launched, premier products and procedures to help you treat your patients better.

6:15 – 8:15 pm

Exactech

Past, Present & Future: Vantage Total Ankle System 309

Constantine Demetracopoulos, MD; Todd Derksen, DPM; Jack Schuberth, DPM

Journey with us through the past, present and into the future of the Vantage Total Ankle System. We will explore:

- Past patient outcomes
- Present surgical technique with a hands-on lab
- Future Vantage Ankle innovations designed to enhance your practice

Register now at <https://cvent.me/l80WKB>

6:30 pm

Paragon28

The Experience: Total Ankle & Total Talus Replacement 306AB

Tom Chang DPM; Jeff Christensen DPM

Enjoy a hands-on-experience gaining surgical insight into Paragon 28's Hindfoot Arthroplasty products: APEX 3D™ Total Ankle Replacement System & Patient Specific Talus Spacer*. The APEX 3D™ Total Ankle Replacement System is designed to address end-stage ankle arthritis and current challenges within the total ankle market including implant loosening, pathological wear, instability, and persistent pain. The Patient Specific Talus Spacer is the first and only Patient Specific Total Talus Implant approved by the FDA for the treatment of AVN of the Talus.

Attendees will learn how to implant both products individually from industry experts from across the United States.

6:30 pm

Treace Medical Concepts

Adductoplasty® Cadaveric Workshop..... 304ABC

Marque Allen, DPM; Mindi Dayton, DPM; Paul Dayton, DPM; Daniel Hatch, DPM; Kurt Kinghorn, DPM; Jody McAleer, DPM; Jason Miller, DPM; Robert Santrock, MD; Michael Theodoulou, DPM

Experienced faculty will lead cadaveric training on the Adductoplasty® Midfoot Correction System, an instrumented approach for corrective 2nd and 3rd TMT joint arthrodesis.

SATURDAY, FEBRUARY 11

6:30 – 7:30 am

Stryker

The Future of Biomaterials: Citregen303AB

Kimberlee Hobizal, DPM

This interactive session includes a presentation about the unique and innovative technology that makes Citregen a next-generation material. A review of clinical application of Stryker’s new Citrelock and Citrefix devices will be followed by a hands-on sawbones demo with Q&A.

6:30 – 7:30 am

DePuy Synthes

Instrumented Lapidus Procedure featuring dynaBunion™ 4D System..... 308AB

Thomas Chang, DPM; Jason Hiatt, DPM

This didactic lab will feature the dynaBunion™ 4D Lapidus system. Participants will be able have the ability to perform the procedure on a synthetic cadaver specimen.

INDUSTRY INNOVATION THEATER SESSIONS

These engaging presentations, delivered by industry faculty, take place in the Exhibit Hall. Grab your lunch and learn more about cutting-edge products!

THURSDAY, FEBRUARY 9

12:15 – 12:45 pm

DePuy Synthes

A Retrospective Look at 300 miniBunion™ Cases. . . . Exhibit Hall #543

Bradley Lamm, DPM

This presentation is a retrospective look at the first 300 miniBunion™ procedures. The miniBunion™ implant is an intramedullary MIS implant for distal bunion procedures.

1:15 – 1:45 pm

Kerecis

Kerecis, Fish Skin Graft, for Prophylactic Treatment During Primary Closure and Soft Tissue in Foot and Ankle Reconstruction. Exhibit Hall #543

Kimberlee Hobizal, DPM

Dr. Hobizal will be presenting the use of Kerecis, fish skin graft, during flap closure to lower dehiscence and as a definitive regenerative agent following complicated surgical procedures where tissue necrosis exists. Further she will briefly discuss the novelty of the Kerecis and some of the companies' published data.

FRIDAY, FEBRUARY 10

12:15 – 12:45 pm

Zimmer Biomet

Foot & Ankle Innovations in Intraosseous Fixation, Plating and Biologics Exhibit Hall #543

Brett Sachs, DPM; Tyson Green, DPM

Surgeon faculty address the innovative possibilities and results they've experienced with intraosseous fixation, plating and biologics. They will share those observations and invite audience participation in this session.

SATURDAY, FEBRUARY 11

12:15 – 12:45 pm

Smith + Nephew

STRAVIX Tissue Products in Tendon Repair & Charcot Revision: A Case Study Review Exhibit Hall #543

Charles Brian Parks, DPM, FACFAS

Join us for a unique opportunity to learn about Advanced Placental Tissue Therapy in foot and ankle surgery and reconstruction. Learn about optimal patient management strategies and advanced techniques through case studies, interactive discussion and Q&A.

Period 1

1. Who’s With Me?403A

🗣️ *Braveheart, 1995*

Ryan Rigby, DPM, FACFAS (Moderator)

Each speaker is an expert on ankle fractures and will defend their position with a 5-minute talk. After each debate, the moderator will hold open discussion with all panelists.

- *Michael W. Downey, DPM, FACFAS* - Debating in favor of primary deltoid repair AND debating in favor of Fibula nailing
- *Garrett M. Wobst, DPM, FACFAS* - Debating against acute deltoid repair
- *Sandeep B. Patel, DPM, FACFAS* - Debating in favor of fixation for proximal fibula fractures
- *Travis A. Motley, DPM, FACFAS* - Debating against proximal fibula fixation
- *Graham A. Hamilton, DPM, FACFAS* - Debating in favor of AAORIF
- *Randy Clements, DPM, FACFAS* - Debating against AAORIF
- *Shane M. Hollawell, DPM, FACFAS* - Debating in favor of plate fixation for fibula fractures
- Q&A

2. You’re Not Looking at the Big Picture.403B

🗣️ *Indiana Jones, 2008*

Paul D. Dayton, DPM, MS, FACFAS (Moderator)

Experts on hallux valgus will speak from their decades of experience. After, the moderator will show cases for panel discussion.

- *Paul D. Dayton, DPM, MS, FACFAS* - Frontal plane rotation: did industry discover what we already knew? (15 minutes)
- *Daniel J. Hatch, DPM, FACFAS* - What would I tell myself then, that I know now? (15 minutes)

THURSDAY INDUSTRY EVENTS

Time	Location	Title	Sponsor	Learn More
12:00 pm	301AB	Arthrex Minimally Invasive Surgical Solutions	<i>Arthrex</i>	Page 14
7:00 pm	306AB	The Experience: Total Ankle & Total Talus Replacement	<i>Paragon28</i>	Page 14
7:30 pm	304ABC	Lapiplasty® Cadaveric Workshop	<i>Treace Medical Concepts</i>	Page 14

THURSDAY INNOVATION THEATER SESSIONS

Time	Location	Title	Sponsor	Learn More
12:15 pm	Exhibit Hall	A Retrospective Look at 300 miniBunion™ Cases	<i>DePuy Synthes</i>	Page 17
1:15 pm	Exhibit Hall	Kerecis, Fish Skin Graft, for Prophylactic Treatment During Primary Closure and Soft Tissue in Foot and Ankle Reconstruction	<i>Kerecis</i>	Page 17

- Andrew J. Meyr, DPM, FACFAS - Are we taught too many operations? (15 minutes)
- (ALL) Keeping your stories straight (15 minutes)

8:30 – 10:00 am

Period 2

3. Opening General Session with Victoria Arlen South Hall J

Victoria Arlen will discuss the perspective we give to obstacles in our lives, how to change it, and how to push off those roadblocks to achieve greater heights.

10:00 – 10:30 am

Expo Break/Scan for CME

10:30 am – 12:00 pm

Period 3

4. Total Ankle International Session 403 A

Naohiro Shibuya, DPM, MS, FACFAS (Moderator)

Learn various techniques from international authorities from around the world regarding total ankle replacement.

- Markus Walther, MD (🇩🇪 Germany)- Revision Total Ankle (15 minutes)
- Thomas S. Roukis, DPM, PhD, FACFAS (🇺🇸 USA)- Registry - What We've Learned (15 minutes)
- Murray J. Penner, MD (🇨🇦 Canada)- Total Ankle Replacement vs. Ankle Fusion: Are We at the Tipping Point (15 minutes)
- Markus Knupp, MD (virtual, 🇨🇭 Switzerland)-TAR Enhancing Indications and Outcomes (15 minutes)
- Ki-Sun Sung, MD (🇰🇷 South Korea)-Difficult total ankle arthroplasty; How to deal with varus and valgus ankle (15 minutes)

5. The 2nd MTP Motion Picture. 403B

Michelle L. Butterworth, DPM, FACFAS (Moderator);

This session will focus on 2nd MTP pathology with topics ranging from diagnosis to decision making for this commonplace, but yet challenging anatomic location.

- Scot D. Malay, DPM, MSCE, FACFAS - Plantar plate diagnostic dilemmas (15 minutes)
- Matthew D. Sorensen, DPM FACFAS - All the Weil? Osteotomy always necessary? (15 minutes)
- Lawrence A. Ford, DPM, FACFAS - Indications and techniques - tips for FDL transfer (15 minutes)
- Shane M. Hollawell, DPM, FACFAS - 2nd MTP arthrodesis – insanity or salvage? (15 minutes)
- Scott Nelson, DPM, FACFAS - Plantar Plate Repair: the DIRECTors cut (15 minutes)

6. You're Full of Tricks, Wizard South Hall J

 *Avengers Infinity War, 2018*

Eric A. Barp, DPM, FACFAS (Moderator)

Top surgeons with extensive experience will share one of their favorite surgical pearls they wish they would have known from the beginning of their practice.

- *Philip Basile, DPM, FACFAS*
- *Michael J. Cornelison, DPM, FACFAS*
- *James M. Cottom, DPM, FACFAS*
- *Bradley M. Lamm, DPM, FACFAS*
- *Alan Ng, DPM, FACFAS*
- *Benjamin D. Overley, Jr., DPM, FACFAS*
- *Kyle S. Peterson, DPM, FACFAS*

12:00 – 2:00 pm

Lunch in the Exhibit Hall

2:00 – 3:30 pm

Period 4

7. MIS – Documentary or Drama?408A

Thomas S. Roukis, DPM, PhD, FACFAS (Moderator)

This session focuses on the possibility of treating hallux valgus, flatfoot, and Charcot via MIS techniques along with discussing the potential complications.

- *Michael W. Downey, DPM, FACFAS* - Managing MIS bunion complications (12 minutes)
- *Ryan Scott, DPM, FACFAS* - The MIS journey (12 minutes)
- *Noman A. Siddiqui, DPM, FACFAS* - Is MIS charcot correction really possible? (12 minutes)
- *Jonathan Kaplan, MD* - MIS calcaneal osteotomies take longer, are they really better? (12 minutes)
- *Joseph K. Park, DPM, FACFAS* - MIS 1st MTP fusion - same but different? (12 minutes)
- *James Cottom, DPM, FACFAS* - MIS Plantar Fascia Debridement - 5 year outcomes of 125 patients (12 minutes)
- Panel Discussion/Q&A

8. Unfortunately, Incredibly, Unstable. South Hall J

 *The Rock, 1996*

Ronald G. Ray, DPM, FACFAS (Moderator)

A deeper dive into ankle instability where experienced surgeons will discuss various controversial topics often encountered.

- *James McWilliam, MD* - Primary approach to lateral ankle instability, is augmentation necessary? (12 minutes)
- *Jeffrey E. McAlister, DPM, FACFAS* - When primary repair fails, what are secondary options? (12 minutes)

- *Kyle Fiala, DPM, FACFAS* - Concomitant STJ/Ankle instability, when is CFL repair necessary? (12 minutes)
- *Jason R. Miller, DPM, FACFAS* - Is lateral ankle stabilization enough when there's early ankle varus tilt? (12 minutes)
- *Brian J. Burgess, DPM, FACFAS* - Subtle syndesmotom instability with CLAI: How to recognize and treat? (12 minutes)
- *Ryan B. Rigby, DPM, FACFAS* - Medial Ankle Instability, How to diagnose and treat (12 minutes)
- Panel Discussion/Q&A

9. Nice Pearls403A

 *Pretty in Pink, 1986*

Mark A. Hardy, DPM, FACFAS (Moderator)

Peri-operative pearls will be presented from expert faculty for a variety of foot and ankle situations.

- *Naohiro Shibuya, DPM, MS, FACFAS* - DVT prophylaxis for low-risk pts? (12 minutes)
- *William T. DeCarbo, DPM, FACFAS* - Does literature support early weight bearing for Achilles, ankle fx, lapidus, ankle fusion etc... (12 minutes)
- *Alan R. Catanzariti, DPM, FACFAS* - Navigating a nonunion (12 minutes)
- *Shannon M. Rush, DPM, FACFAS* - Peri-op protocol in preventing infections in TAR (12 minutes)
- *Christopher L. Reeves, DPM, MS, FACFAS* - Does every hindfoot/ankle surgery need a popliteal block? (12 minutes)
- *Amber M. Shane, DPM, FACFAS* - Peri-operative patient optimization (12 minutes)
- Panel Discussion/Q&A

10. You Left Us Flat, Claudia403B

 *King Pin, 1996*

Sean T. Grambart, DPM, FACFAS (Moderator)

This session is a debate format on a wide array of topics often encountered when treating flatfoot.

- *Thomas J. Chang, DPM, FACFAS* - So many wedges, but so little evidence
- *Michael Dujela, DPM, FACFAS* - What to do with a failed Evans?
- *Mitzi L. Williams, DPM, FACFAS* - Is realignment necessary for successful tarsal coalition surgery?
- *Daniel J. Hatch, DPM, FACFAS* - Where will I correct for the supinatus?
- Panelist debate
 - *Jordan P. Grossman, DPM, FACFAS*
 - *Jason G. DeVries, DPM, FACFAS*
 - *Keith L. Jacobson, DPM, FACFAS*
 - *Michael S. Lee, DPM, FACFAS*

11. Military Session – Podiatry Stepping Up403B

A. Douglas Spitalny, DPM (Moderator)

Explore the role of foot and ankle surgeons in today’s US military through a rapid-fire series of military-centric cases, research, and techniques presented by foot and ankle surgeons in the military.

- *Michael D. Gibboney, DPM, FACFAS*
- *CPT Zachary Markley, DPM*
- *Bill Michie, DPM, FACFAS*
- *Lt Colin M. Mizuo, DPM, FACFAS*
- *CPT Kalani A. Parker, DPM, AACFAS*
- *Asim Raja, DPM, FACFAS*
- *Peter Smith, DPM, FACFAS*
- *Lt Col Michael Taye, DPM, FACFAS*
- *Chalee Yimyam, DPM*

3:30 – 4:00 pm

Expo Break/Scan for CME

4:00 – 6:00 pm

Period 5

12. I Will Teach You the Ways South Hall J

 *Star Wars: The Last Jedi, 2017*

Sean T. Grambart, DPM, FACFAS (Moderator)

Expert faculty will present their top 3 pearls for treating these traumatic injuries.

- *Graham A. Hamilton, DPM, FACFAS - Fibula fractures (14 minutes)*
- *Matthew D. Sorensen, DPM, FACFAS - Jones fracture (14 minutes)*
- *Lawrence A. Ford, DPM, FACFAS - Posterior Malleolus Fractures (14 minutes)*
- *Brian J. Burgess, DPM, FACFAS - Calcaneus Fractures (14 minutes)*
- *Jordan P. Grossman, DPM, FACFAS - Syndesmosis Injuries (14 minutes)*
- *Mark A. Hardy, DPM, FACFAS - Low Energy Midfoot Trauma (14 minutes)*
- *Brett Sachs, DPM, FACFAS - High Energy Midfoot Trauma (14 minutes)*
- *Talus fractures (Panel discussion)*

13. Houston, We Have a Problem403A

 *Apollo 13, 1995*

Aksone Nouvong, DPM, FACFAS (Moderator)

Learn the latest evidence and methods for treating diabetic osseous and soft tissue infections through both lecture and case presentations.

- *Javier LaFontaine, DPM, FACFAS - Is there anything better than inflammatory markers? (12 minutes)*
- *Rafi Saliban, MD - What if MRI is not an option for diagnosing OM? (12 minutes)*
- *Matthew Goetz, MD - DM soft tissue infections, can I get away with oral abxs? (12 minutes)*
- *Paul J. Kim, DPM, MS, FACFAS - Can drug eluding cement reduce amputation rate? (12 minutes)*

- *Caitlin S. Zarick, DPM, FACFAS* - Midfoot charcot with OM, what actually needs to come out? (12 minutes)
- *Andrew Crisologo, DPM* - Do clean bone margins for patients with osteomyelitis affect clinical outcomes (12 minutes)
- Panel Discussion/Q&A

14. Take A Closer Look403B

IB *Fast and The Furious, 1996*

Katherine E. Dux, DPM, FACFAS (Moderator)

Learn the role for advanced imaging including ultrasound, weight-bearing CT and how to optimize your MRI machine.

- *Andrew J. Meyr, DPM, FACFAS* - Does stage 2 PTTD require advanced imaging for surgical planning?
- *Albert Song, MD* - When is ultrasound superior to other modalities? What's the latest and greatest in imaging technology?
- *Mark A. Prissel, DPM, FACFAS* - Will weight-bearing CT be the new standard for foot and ankle?
- Panel Discussion/Q&A
 - *Laura Guido, RDMS, RVT, RMSK*
 - *Andrew J. Meyr, DPM, FACFAS*
 - *Mark A. Prissel, DPM, FACFAS*

2:00 – 6:00 pm

Period 6

15. Flatfoot Workshop (Cadaveric)404A

Additional fee required

Adam E. Fleischer, DPM, MPH, FACFAS (Workshop Chair); Philip Basile, DPM, FACFAS; Patrick R. Burns, DPM, FACFAS; Christopher D. Lutofo, DPM, FACFAS; Garrett M. Wobst, DPM, FACFAS

ACFAS has designated an unrestricted education grant from Stryker in support of this workshop.

5:15 – 6:15 pm

Student and Resident Networking. Compass Terrace

By invitation only.

Sponsored by the American Board of Foot and Ankle Surgery (ABFAS)

6:15 – 7:30 pm

The Premier Connection

Opening Event Compass Terrace and South Lobby

Sponsored in part by In2Bones. Relax and reconnect with your colleagues before heading out to dinner. Meet and greet classmates, colleagues, and new friends, while enjoying an assortment of great food, beverages, and music.

FRIDAY, FEBRUARY 10

7:30 – 9:30 am

Period 7

17. May the Force Be With You403A

IB *Star Wars, Episode IV - A New Hope, 1977*

Paul D. Dayton, DPM, MS, FACFAS (Moderator)

The latest in regenerative medicine will be presented along with why and when biologics are indicated for foot and ankle pathologies.

- *John S. Steinberg, DPM, FACFAS* - Tissue substitutes for wounds, is this the first choice or last-ditch effort? (20 minutes)
- *Daniel J. Hatch, DPM, FACFAS* - PRP medical breakthrough or business creep? (20 minutes)
- *Melissa M. Galli, DPM, FACFAS* - Will Viscosupplementation ever have a role in the foot and ankle? (20 minutes)
- *Byron L. Hutchinson, DPM, FACFAS* - The haters going to hate... (20 minutes)
- Panel discussion/Q&A

18. Go Ahead, Make My Day403B

IB *Sudden Impact, 1983*

Katherine M. Raspovic, DPM, FACFAS (Moderator)

This session combines both lecture and case presentations for the most up to date information on limb salvage.

- *Katherine M. Raspovic, DPM, FACFAS (Moderator)* - Ex-Fix for soft tissue off-loading; do they work? And, interesting cases from panelists and discussion (15 minutes)
- *Javier LaFontaine, DPM, FACFAS* - Role of local flaps for DM foot ulcers; when do they work? (15 minutes)

FRIDAY INDUSTRY THEATER SESSION

Time	Location	Title	Sponsor	Learn More
12:15 pm	Exhibit Hall	Foot & Ankle Innovations in Intraosseous Fixation, Plating and Biologics	<i>Zimmer Biomet</i>	Page 17

- *Paul J. Kim, DPM, MS, FACFAS* - Tendon transfers in diabetic patients, do they work? (15 minutes)
- *Caitlin S. Zarick, DPM, FACFAS* - Prophylactic surgery for the diabetic foot; when is prime time? (15 minutes)
- *Katherine E. Dux, DPM, FACFAS* - Amputation level; how much energy expenditure will my patient need? (15 minutes)
- *Steven M. Farley, MD* - How much flow do you need to heal that wound? (15 minutes)
- *Peter A. Crisologo, DPM* - Do clean bone margins for patients with osteomyelitis affect clinical outcomes? (15 minutes)
- Panel Discussion/Q&A

19. PICA Session: The Claim You Don't See Coming.

What Happens When Your Patient Dies?408A

Ross E. Taubman, DPM (Moderator); Michael R. Lowe, Esq.; Gene M. Pascarella DPM, FACFAS, MBA; Wilbert Vancol, Esq.

In this presentation you will hear about a real-life claim from the viewpoint of the doctor and how the attorneys (both plaintiff and defendant) might have prepared for the case. Throughout the presentation you will see and hear what goes into preparing for a trial. In addition, you will receive risk management pearls on things that you can do now to decrease your risk.

20. Here's Looking at You, Kid South Hall J

18 *Casablanca, 1942*

Mitzi L. Williams, DPM, FACFAS (Moderator)

Expert faculty will share the most up to date information regarding pediatric pathologies ranging from clubfoot to fractures.

- *Mitzi L. Williams, DPM, FACFAS (Moderator)* - Clubfoot: The Ponseti approach & recurrences (20 minutes)
- *Bradley M. Lamm, DPM, FACFAS* - Brachymetatarsia Correction (20 minutes)
- *Matthew B. Dobbs, MD, FACS* - Tibialis Anterior tendon transfer: Which recurrences benefit? (20 minutes)
- *Amber M. Shane, DPM, FACFAS* - The Accessory Navicular - simply just a bump removal? (20 minutes)
- *Scott Kaiser, MD* - Transitional Ankle Fractures (20 minutes)
- The Dobbs Method (Advances after Ponseti) (20 minutes)
- Panel Discussion/Q&A

9:30 – 10:00 am

Expo Break/Scan for CME

10:00 am – 12:00 pm

Period 8 (Manuscript Sessions)

21. Latest in Rearfoot Surgery South Hall J

Ryan Scott, DPM, FACFAS (Moderator); Christopher L. Reeves, DPM, MS, FACFAS

1. (001) No Loss of Strength after Insertional Achilles Tendon Reconstruction with Single or Double Row Repair
Presenting Author - Jason George DeVries, DPM, FACFAS
2. (023) Progression to Ankle Charcot Neuroarthropathy After Midfoot Charcot Correction in Patients with and Without Subtalar Joint Arthrodesis
Presenting Author - Sara Mateen, DPM, AACFAS
3. (030) Tibialis Anterior Tendon Rupture Surgical Treatments and Outcomes: A Systematic Review and Meta-Analysis
Presenting Author - Keegan Duelfer, DPM
4. (043) Muller - Weiss Disease: A Systematic Review of the Literature
Presenting Author - Allison Hamad, DPM
5. (033) Nerve-centric Longitudinal Sinus Tarsi Incisional Approach to Avoid Issues Associated with Incision Clutter When Performing Lateral Ankle Stabilization with Concomitant Arthroscopy and Other Adjunctive Rearfoot and Ankle Procedures
Presenting Author - Garrett Nelson, DPM
6. (038) Influence of Surgical Approach and Fixation on Complications in Talus Fractures: A Multicenter Review
Presenting Author - Ramez Sakkab, DPM
7. (042) Association of Positive Clinical Anterior Drawer and Talar Tilt Sign with the Incidence of Osteochondral Lesions of the Talus Found on Magnetic Resonance Imaging
Presenting Author - Emily Merriman, DPM
8. (048) Mid-term Outcomes of Endoscopic Plantar Fascia Debridement: A 5-year follow-up
Presenting Author - Joseph Wolf, DPM
9. (036) Sustentaculum Tali Blind Tunnel Placement for Tibiospring Reconstruction Augmented with Graft Material: Cadaveric Study
Presenting Author - Vincent G. Vacketta, DPM, AACFAS

22. Latest in Ankle Surgery403A

Christopher F. Hyer, DPM, MS, FACFAS; Matthew D. Sorensen, DPM, FACFAS

1. (009) A Study of Tibial Cyst Formation in Modular Stemmed Total Ankle Arthroplasty: Exploring a Possible Relationship to Smooth and Porous Coating on the Stem Segments
Presenting Author - Jacob M. Perkins, DPM, AACFAS
2. (017) Total Ankle Arthroplasty Medial Malleolus Fractures and Use of Prophylactic Screw: A Retrospective Review
Presenting Author - Bryanna Vesely, DPM, MPH
3. (024) Addressing Varus and Valgus Deformity of the Ankle: Algorithmic Approach to Total Ankle Arthroplasty
Presenting Author - Helene Cook, DPM, AACFAS
4. (052) The Effect of Frontal Angular Deformity on Total Ankle Arthroplasty Revision Rate
Presenting Author - Caroline J. Ko, DPM
5. (060) Obesity is highly associated with a non-home discharge following total ankle arthroplasty
Presenting Author - Edgar Sy, DPM, AACFAS
6. (065) Are Intramedullary Fibular Nails Cost Effective from a US Payer's Perspective?
Presenting Author - Rachel Albright, DPM, MPH, AACFAS
7. (015) Identifying the Potential Role of Regional Bone Mineral Density on the Degree of Malleolar Involvement in Acute Ankle Fractures
Presenting Author - Thomas Ferrise, DPM
8. (059) Tibiotalocalcaneal Arthrodesis Using a Posteriorly Angled Nail Versus Straight Nail for the Surgical Technique in Retrograde-Delivered Locked Compression Nail of the Hindfoot and Ankle: A Retrospective Comparative Cohort Study
Presenting Author - Chalen Yang, DPM
9. (035) Comparison of Dynamic versus Static Locked Retrograde Tibiotalocalcaneal Arthrodesis with Intramedullary Nail Fixation: Evaluation of the RAIN database
Presenting Author - Brian Houn, DPM
10. (062) Safety of Tibial Half Pins with Circular External Fixation for Foot and Ankle Reconstruction in Patients with Peripheral Neuropathy
Presenting Author - Nicole Cates, DPM, AACFAS
11. (069) Lateral Distal Tibial Angle: Comparing Erect Leg and Anterior-Posterior Ankle Radiographs for use in Lower-Limb Deformity Correction
Presenting Author - Garrett B. Nguyen, DPM, AACFAS

23. Latest in High-Risk Foot and Ankle Surgery403B

Jacob Wynes, DPM, MS, FACFAS (Moderator); Andrew J. Meyr, DPM, FACFAS

1. (004) Retrospective Analysis of Operating Room Irrigation using a Low Concentration Chlorhexidine Gluconate (CHG) 0.05% in Sterile Water for Infection Prevention After Foot & Ankle Surgery
Presenting Author - Calvin J. Rushing, DPM, AACFAS
2. (008) Kinematic Gait Analysis in Adults with Peripheral Neuropathy: A Prospective Quantitative Comparative Study
Presenting Author - Jayson Atves, DPM, FACFAS
3. (026) Minor and major amputation rates following midfoot Charcot reconstructive surgery
Presenting Author - Sara Mateen, DPM, AACFAS
4. (013) A Randomized Controlled Trial Evaluating the Outcomes for Incisional Application of Negative Pressure for Non-Traumatic Lower Extremity Amputations: A Pilot Study
Presenting Author - Charli Pogany, BA
5. (014) The Effect of Negative Pressure Wound Therapy with Instillation vs Traditional Negative Pressure Wound Therapy on Diabetic Foot Outcomes: Systematic Review and Meta-Analysis of Randomized Controlled Trials
Presenting Author - Arthur Tarricone, DPM, MPH
6. (018) Readability, Understandability, and Actionability of Online Limb Preservation Patient Education Materials
Presenting Author - Dominick Casciato, DPM, AACFAS
7. (027) The Impact of a Prophylactic Tendo-Achilles Lengthening with Transmetatarsal Amputation in Diabetic Patients: A Matched Cohort Study
Presenting Author - Tiffanie Liu, DPM
8. (041) Reulceration and Reoperation Rates After Central Ray Amputations: A Retrospective Study
Presenting Author - Lindsay LeSavage, DPM
9. (067) Functional Outcomes in Patients with Heel Ulcerations that Underwent Below the Knee Amputations versus Vertical Contour Calcanectomy
Presenting Author - Nicole K. Cates, DPM, AACFAS
10. (070) Selective Neurectomy in the Leg, Ankle and Foot: A Retrospective Cohort Study
Presenting Author - Avery Thomson, DPM
11. (063) Infrapopliteal Arterial Calcification on Plain Film Radiographs as a Predictor of Coronary Artery Disease: A Retrospective Cohort Study
Presenting Author - Eoin Gorman, DPM

24. Latest in Forefoot Surgery.....408A

Thomas J. Chang, DPM, FACFAS (Moderator); Bradley M. Lamm, DPM, FACFAS

1. (005) Anatomical Variations of the Medial Plantar Artery Flap: A Cadaveric Study with Clinical Applications
Presenting Author - Alex Schaeffer, DPM
2. (020) Retrospective Clinical and Radiographic Evaluation of Minimally Invasive Juvenile Hallux Valgus Surgery
Presenting Author - Sara Mateen, DPM, AACFAS
3. (025) Lapidus Arthrodesis with a Single Screw and Staple: Fusion Rates and a Comparison to Common Constructs
Presenting Author - Ramez Sakkab, DPM
4. (036) Sustentaculum Tali Blind Tunnel Placement for Tibiospring Reconstruction Augmented with Graft Material: Cadaveric Study
Presenting Author - Vincent G. Vacketta, DPM, AACFAS
5. (037) Podiatric Favorability by State
Presenting Author - Caleb Thomas, DPM
6. (046) Tension Side Fixation for Lapidus Arthrodesis. A Retrospective Analysis
Presenting Author - Braden Jenkins, MD, DPM, AACFAS
7. (050) Retrospective Analysis of Intermetatarsal Screw Failure in a Modified Lapidus Arthrodesis Technique
Presenting Author - Henry Spingola, DPM, AACFAS
8. (055) Comparison Outcomes of Cheilectomy, Hemi-Implant Arthroplasty and Decompression Osteotomy for the Treatment of Hallux Rigidus: A Retrospective Study of 147 Patients
Presenting Author - Ashley Mariano, DPM
9. (061) Validated Functional and Radiographic Outcomes Utilizing a Minimally Invasive Intramedullary Technique for the Treatment of Hallux Abductovalgus
Presenting Author - Garrett B. Nguyen, DPM, AACFAS
10. (066) Patterns of Metatarsal Explosion After New Modern Minimally Invasive Bunion Surgery
Presenting Author - Eric S. Baskin, DPM, FACFAS
11. (068) Patient Reported Outcomes in Older Adults after Simultaneous Bilateral Hallux Valgus Surgery and Staged Foot Surgery
Presenting Author - Erin E. Klein, DPM, MS, FACFAS

12:00 – 1:00 pm

ACFAS Honors and Awards Ceremony..... 408B

Congratulate your colleagues who win Manuscript, Poster, Honor, and Merit Awards. New Fellows will be presented their College keys and the 2023-2024 Board of Directors will be introduced.

Manuscripts sponsored in part by the Podiatry Foundation of Pittsburgh

12:00 – 2:00 pm
Lunch in the Exhibit Hall

2:00 – 3:30 pm
Period 9

25. You Can't Handle the Truth! South Hall J

🎬 *A Few Good Men, 1992*

Randy Clements, DPM, FACFAS (Moderator)

Lectures will be followed by a high-level debate amongst experts on Lisfranc and other midfoot trauma.

- *William T. DeCarbo, DPM, FACFAS* - Lesser metatarsal fractures, do they really need surgery?
- *Shane M. Hollawell, DPM, FACFAS* - Is plantar plate better than IM screw for jones fracture?
- *Naohiro Shibuya, DPM, MS, FACFAS* - Literature review: Lisfranc ORIF vs fusion
- Moderator case presentation for panel debate
 - *Keith L. Jacobson, DPM, FACFAS*
 - *Jonathan J. Sharpe, DPM, FACFAS*
 - *Mark H. Hofbauer, DPM, FACFAS*

27. Say Hello to My Little Friend403A

🎬 *Scarface, 1983*

Laurence G. Rubin, DPM, FACFAS (Moderator)

Expert faculty will address a variety of difficult forefoot pathologies.

- *Adam E. Fleischer, DPM, MPH, FACFAS* - Failed HT implant, is pinning the only revision option? (18 minutes)
- *Kris A. DiNucci, DPM, FACFAS* - 2nd MTP arthritis - implant the right option? (18 minutes)
- *James McWilliam, MD- MIS* Hammertoe Repair - really possible? (18 minutes)
- *Luke D. Cicchinelli, DPM, FACFAS* - Management of flail toe, is gold standard syndactylization? (18 minutes)
- Panel Discussion/Q&A (18 minutes)

28. You Had Me at Hello403B

🎬 *Jerry Maguire, 1996*

Thanh L. Dinh, DPM, FACFAS (Moderator)

Get an update on the ever-changing medicolegal landscape as it relates to social media posts, insurance and documentation.

- *Thanh L. Dinh, DPM, FACFAS* - Now what? I've been subpoenaed... (20 minutes)
- *Michelle L. Butterworth, DPM, FACFAS* - Documentation and how much should I say? (20 minutes)
- *Ross E. Taubman, DPM, FACFAS* - Social media precautions: can my posts be used against me? (20 minutes)
- *Sean T. Grambart, DPM, FACFAS* - Disability insurance: what it really means (20 minutes)
- Q&A

3:30 – 4:00 pm
Expo Break/Scan for CME

4:00 – 6:00 pm
Period 10

29. A Total Genius403A

IB *Independence Day, 1996*

Jonathan J. Sharpe, DPM, FACFAS (Moderator)

Top surgeons will answer specific questions often encountered when performing total ankle arthroplasty.

- *Benjamin D. Overley, Jr., DPM, FACFAS* - What are your intra-operative pearls for preventing infection? (15 minutes)
- *James M. Cottom, DPM, FACFAS* - A closer look at the Syndesmosis and TAA (15 minutes)
- *Shannon M. Rush, DPM, FACFAS* - Is Total Talus an option in failed Talar components? (15 minutes)
- *Jason G. DeVries, DPM, FACFAS* - How to diagnose and treat Periprosthetic Joint Infection? (15 minutes)
- When to stage a progressive collapsing flatfoot in TAA? (15 minutes)
- *Christopher F. Hyer, DPM, MS, FACFAS* - Can we predict periprosthetic fractures? (15 minutes)
- *Hodges Davis, MD* - Top 5 mistakes people make when doing TAA (15 minutes)
- Panel Discussion/Q&A

30. Elementary, My Dear Watson. South Hall J

IB *The Return of Sherlock Holmes, 1929*

John S. Steinberg, DPM, FACFAS (Moderator)

Various tips and decisionmaking pearls will be demonstrated by expert faculty for situations often requiring Plastics.

- *John S. Steinberg, DPM, FACFAS* - NPWT installation, is it worth the effort?
- *Andrew Vardanian, MD* - When to call your plastic surgeon - case examples
- *Andrew Crisolago, DPM* - I have a deep wound, what can biologics do for me?
- Panel Discussion/Q&A

31. The Stuff Dreams Are Made Of403B

IB *The Maltese Falcon, 1941*

Ryan Scott, DPM, FACFAS (Moderator); Donald E. Buddecke, Jr., DPM, FACFAS; Michael A. Gentile, DPM, FACFAS; Graham A. Hamilton, DPM, FACFAS; Meagan M. Jennings, DPM, FACFAS; George T. Liu, DPM, FACFAS; Jason R. Miller, DPM, FACFAS

This session contains both lectures to address various Arthroscopic techniques and a debate amongst experienced surgeons on whether AAORIF is necessary.

- Is endoscopy superior to open treatment for FHL/Os trigonum pathology?
- Do not make the same arthroscopic mistakes
- Techniques and applications of midfoot arthroscopy
- Are the benefits of arthroscopic STJ fusion worth the hassle?
- Debate: AAORIF - can I accomplish the same thing during ORIF?

32. Well, Nobody's Perfect408A

IB *Some Like It Hot, 1959*

Javier LaFontaine, DPM, FACFAS (Moderator)

Expert faculty will present their stance debating whether certain techniques are superior to others for Charcot treatment.

- *Javier LaFontaine, DPM, FACFAS* - Diagnostic dilemma, is this infected or just in the inflammatory stage? What's in my toolbox? (18 minutes)
- *Noman A. Siddiqui, DPM, FACFAS* - Midfoot Charcot, why I think MIS is superior (18 minutes)
- *Katherine M. Raspovic, DPM, FACFAS* - Midfoot Charcot, why I think Open is superior (18 minutes)
- *Byron L. Hutchinson, DPM, FACFAS* - Ankle Charcot: When a 3D printed truss is superior (18 minutes)
- *Patrick R. Burns, DPM, FACFAS* - Ankle Charcot, when a femoral head allograft is superior AND Active Charcot, do we wait too long to operate? (18 minutes)
- Panel Discussion/Q&A

2:00 – 6:00 pm

Period 11

33. Lapidus Workshop (Cadaveric)404A

Additional fee required.

Christopher D. Lotufo, DPM, FACFAS (Workshop Chair)

- *Meagan M. Jennings, DPM, FACFAS* - Is endoscopy superior to open treatment for FHL/Os trigonum pathology?
- *Graham A. Hamilton, DPM, FACFAS* - Do not make the same arthroscopic mistakes
- *George T. Liu, DPM, FACFAS* - Techniques and applications of midfoot arthroscopy
- Debate: AAORIF - can I accomplish the same thing during ORIF?
 - *Donald E. Buddecke, Jr., DPM, FACFAS*
 - *Michael A. Gentile, DPM, FACFAS*
 - *Graham A. Hamilton, DPM, FACFAS*
 - *Meagan M. Jennings, DPM, FACFAS*
 - *George T. Liu, DPM, FACFAS*
 - *Jason R. Miller, DPM, FACFAS*

ACFAS has designated an unrestricted education grant from Stryker in support of this workshop

34. MSK Ultrasound Workshop404B

Additional fee required.

Katherine E. Dux, DPM, FACFAS (Workshop Chair)

SATURDAY, FEBRUARY 11

6:30 – 7:30 am

Fellowship Breakfast Fair 151

Learn more about available foot and ankle surgical fellowship programs and how they can help you on your career path! All post graduate fellow, resident and student attendees are invited to meet with program directors and current fellows to learn more about 45 of the fellowships that carry the ACFAS stamp of approval.

The Fellowship Breakfast Fair is generously sponsored by PICA.

7:30 – 9:30 am

Period 12

35. It's Not Too Late to Change Your Mind South Hall J

🎧 *Tomb Raider, 2018*

George T. Liu, DPM, FACFAS (Moderator)

An international speaker will be followed by the moderator stimulating debate amongst panelists with various OCD cases.

- *Randy Clements, DPM, FACFAS* - Retrograde Filling Synthetic Fill vs Auto/Allograft - in favor of Auto/Allograft
- *Alan Ng, DPM, FACFAS* - Retrograde Filling Synthetic Fill vs Auto/Allograft - in favor of Synthetic Fill
- *Michael Gentile, DPM, FACFAS* - Microfracture vs abrasion chondroplasty - in favor of Abrasion Chondroplasty
- *Donald Buddecke, Jr., DPM, FACFAS* - Microfracture vs abrasion chondroplasty - in favor of Microfracture
- *Jonathan Sharpe, DPM, FACFAS* - Bulk Allograft vs Metallic Hemi Implant - In favor of Metallic Hemi Implant
- *William DeCarbo, DPM, FACFAS* - Bulk Allograft vs Metallic Hemi Implant - In favor of Bulk Allograft

36. After All, Tomorrow Is Another Day403A

🎤 *Gone with the Wind, 1939*

Sandeep B. Patel, DPM, FACFAS (Moderator)

This session focuses on procedure selection and how to improve outcomes for the oft encountered 1st MTP pathology.

- *Travis A. Motley, DPM, FACFAS* - Implants: What goes in must come out? (18 minutes)
- *Thomas J. Chang, DPM, FACFAS* - Is there a role for the “bump and run”? (18 minutes)
- *Mark A. Prissel, DPM, FACFAS* - Convince me fusion is best... (18 minutes)
- *Richard Derner, DPM, FACFAS* - Can extra-articular procedures really increase motion? (18 minutes)
- *James M. Cottom, DPM, FACFAS* - When is Interpositional Arthroplasty the right procedure? (18 minutes)
- *Joseph K. Park, DPM, FACFAS* - MIS Cheilectomy - small incision, big gains? (18 minutes)
- Panel Discussion/Q&A

37. You’re Going to Need a Bigger Boat403B

🎤 *Jaws, 1975*

Scott Nelson, DPM, FACFAS (Moderator)

Expert faculty will discuss both techniques and decision making for end stage ankle arthritis.

- *Bradley M. Lamm, DPM, FACFAS* - Dealing with arthritic ankle deficits using bone transport when LLD is present (20 minutes)
- *Jordan P. Grossman, DPM, FACFAS* - Femoral head vs titanium cage and trusses - does a large bone void always require an expensive cage? (20 minutes)
- *Michael H. Theodoulou, DPM, FACFAS* - ACFAS Consensus Summary on Ankle Arthritis (20 minutes)
- *Laurence G. Rubin, DPM, FACFAS* - What are the boundaries of Arthroscopic Ankle Fusion Deformity Correction? (20 minutes)
- *Jeffrey E. McAlister, DPM, FACFAS* - Failed OCD repair, when is it time to fuse or replace? (20 minutes)
- Panel Discussion/Q&A

9:30 – 10:00 am

Expo Break/Scan for CME

10:00 am – 12:00 pm

Period 13

38. International MIS South Hall J

Noman A. Siddiqui, DPM, FACFAS (Moderator)

International authorities will speak on high-level MIS surgical techniques and methods.

- *Jim McWilliam, MD* - MIS haglunds correction (14 minutes)
- *Javier Del Vecchio, MD* - Minimally invasive bunionette & DMMO pearls/outcomes (14 minutes)
- *Andreas Toepfer, MD* (🇨🇭 Switzerland) - MIS calcaneus osteotomy options, when and how? (14 minutes)
- *Guido LaPorta, DPM, FACFAS* - MIS hallux valgus surgery American renaissance & resistance, what does the data say? (14 minutes)
- *Eric S. Baskin, DPM, FACFAS* - MIS pitfalls/complications and how to get past them (14 minutes)
- *Marie Gdalevitch, MD* (🇨🇦 Canada) - MIS foot surgery from a deformity surgeon perspective (14 minutes)
- *David Gordon, DPM* (🇬🇧 United Kingdom) - PROMS in MIS hallux valgus surgery (14 minutes)
- Panel Discussion/Q&A
- PROMS in MIS Hallux Valgus surgery

39. Fasten Your Seatbelts. It's Going to Be a Bumpy Ride403A

 *Zombieland, 2009*

Eric A. Barp, DPM, FACFAS (Moderator)

This session will address various Achilles rupture situations including complications, philosophies, and protocols.

- *Kyle S. Peterson, DPM, FACFAS* - Does every revision require augmentation or tendon transfer? (18 minutes)
- *Brian J. Burgess, DPM, FACFAS* - I'm happy with my open repair, but should I consider less invasive techniques? (18 minutes)
- *Michael Dujela, DPM, FACFAS* - When can they walk? Does early weightbearing lead to complication? (18 minutes)
- *Michael H. Theodoulou, DPM, FACFAS* - When the straightforward case goes south. (18 minutes)
- *Alan A. MacGill, DPM, FACFAS* -How do I work up my patient with a weak repair and what are my options? (18 minutes)
- *Joseph K. Park, DPM, FACFAS* - Surgeon Experience as the Patient - what really matters? (18 minutes)
- Panel Discussion/Q&A

40. Where We're Going, We Don't Need Roads.....403B

 *Back to the Future, 1985*

Richard Derner, DPM, FACFAS (Moderator)

Expert faculty will discuss techniques and high-level decision making for when and how to address cavus deformity.

- *Mark A. Prissel, DPM, FACFAS* - What's actually deformed in a Cavus foot? How does that influence decision making? (24 minutes)
- *Byron L. Hutchinson, DPM, FACFAS* - Failed realignment/under correction options (24 minutes)
- *Hodges Davis, MD* - Cavus from the ground up (24 minutes)
- *Cristian Neagu, DPM, FACFAS* - Ignore the Cavus and simply repair the peroneal tear? Or fix it all...? (24 minutes)
- Panel Discussion/Q&A

12:00 – 2:00 pm

Lunch in the Exhibit Hall

2:00 – 3:30 pm

Period 14

41. Finally We Agree on Something403A

 *The Legend of Zorro, 2005*

Naohiro Shibuya, DPM, MS, FACFAS (Moderator)

This session will revisit ACFAS Clinical Consensus Statements from the last 5 years. Have their positions changed or are they still valid?

- *Paul D. Dayton, DPM, MS, FACFAS* - Acute Achilles Pathology 2021 (15 minutes)
- *Mark A. Prissel, DPM, FACFAS* - Diagnosis and Treatment of Ankle Arthritis 2020 (15 minutes)
- *Michael H. Theodoulou, DPM, FACFAS* - Appropriate Clinical Management of Adult Acquired Flatfoot Deformity 2020 (15 minutes)
- *Sean T. Grambart, DPM, FACFAS* - Etiology, Diagnosis and Treatment Consensus of Gouty Arthritis of the Foot and Ankle 2018 (15 minutes)
- *Adam E. Fleischer, DPM, MPH, FACFAS* - Diagnosis and Treatment of Adult Acquired Infracalcaneal Heel Pain 2018 (15 minutes)
- Panel Discussion/Q&A

42. There's No Place Like Home403B

 *The Wizard of Oz, 1939*

Mark H. Hofbauer, DPM, FACFAS (Moderator); Luke D. Cicchinelli, DPM, FACFAS

This session is a plenary town hall on physician safety and wellness.

43. Keep Your Friends Close, and Your Enemies Closer South Hall J

 *The Godfather, 1974*

Michael S. Downey, DPM, FCFAS (Moderator)

This session will discuss a variety of difficult nerve situations.

- Michael S. Downey, DPM, FCFAS - Is there an algorithm for nerve entrapment after surgery? (18 minutes)
- Scot Malay, DPM, MSCE, FCFAS - Recurrent/stump neuroma; how do I tackle it? (18 minutes)
- Andrew Vardanian, MD - Is there still a role for nerve decompression for DM neuropathy? (18 minutes)
- Shane M. Hollawell, DPM, FCFAS - Baxter nerve decompression techniques (18 minutes)
- Panel Discussion/Q&A

3:30 – 4:00 pm

Break/Scan for CME South Hall J Foyer

4:00 – 6:00 pm

Period 15

44. Has the Student Become the Teacher?403A

Jonathan J. Sharpe, DPM, FCFAS (Moderator)

This session allows younger faculty to debate their mentor as the moderator leads a high-level debate of difficult cases.

- Jeffrey E. McAlister, DPM, FCFAS debates Christopher Hyer, DPM, MS, FCFAS
- Alan A. MacGill, DPM, FCFAS debates Christopher L. Reeves, DPM, MS, FCFAS
- Michael Gentile, DPM, FCFAS debates Alan Ng, DPM, FCFAS
- Panel discussion/Q&A
 - Michael W. Downey, DPM, FCFAS
 - Jeffrey E. McAlister, DPM, FCFAS
 - Christopher Hyer, DPM, MS, FCFAS
 - Alan A. MacGill, DPM, FCFAS
 - Christopher L. Reeves, DPM, MS, FCFAS
 - Michael Gentile, DPM, FCFAS
 - Alan Ng, DPM, FCFAS

45. Just When I Thought I Was Out, They Pull Me Back In403B

 *The Godfather, 1990*

Byron L. Hutchinson, DPM, FCFAS (Moderator)

Panelists will have 5 minutes to advocate for their tendon transfer method. The audience will vote for which method they prefer as well.

- Alan R. Catanzariti, DPM, FCFAS - It's the bones that matter - why sacrifice the FDL?
- Matthew B. Dobbs, MD, FACS - STATT transfer: the benefits without sacrificing the entire tendon

- *Jacob Wynes, DPM, MS, FACFAS* - Why the bridle, there are other options
- *Michael H. Theodoulou, DPM, FACFAS* - FDL transfer to balance the flatfoot: it is the way
- *Christopher D. Lotufo, DPM, FACFAS* - FHL transfer for Achilles pathology: it is the standard of care, why anything else?
- *Philip Basile, DPM, FACFAS* - Why transfer the FHL? There are other options

46. I'll Have What She's Having South Hall J

When Harry Met Sally, 1989

Katherine M. Raspovic, DPM, FACFAS (Moderator); Daniel Logan, DPM, FACFAS; Aksone Nouvong, DPM, FACFAS; Sanjog Pangarkar, MD

Various modalities will be discussed to help patients dealing with pain.

- My pre-op patient has neuropathic pain. Should I change my usual post op pain regimen?
- Pre and intraop adjuvant pain regimen - what's the latest trend?
- Is it contraindicated to use nsaid during bone healing?
- What narcotics are really needed after foot/ankle surgery? Do we overprescribe?
- Is there a role for medical cannabis in foot and ankle surgery?

2:00 – 6:00 pm

Period 16

47. MSK Ultrasound Workshop (Repeat)404B

Repeat, Additional fee required.

Richard Adams, DPM, FACFAS; Emad Allam, MD; Laura Guido, RDMS, RVT, RMSK; Asim Raja, DPM, FACFAS; Albert Song, MD

48. Flaps Workshop404A

Additional fee required.

Travis A. Motley, DPM, FACFAS; Thomas S. Roukis, DPM, PhD, FACFAS; Brett D. Sachs, DPM, FACFAS

SUNDAY, FEBRUARY 12

7:30 – 8:00 am

Breakfast South Hall J

8:00 – 10:00 am

Period 17

49. Breakfast of Complications South Hall J

Meagan M. Jennings, DPM, FACFAS (Moderator)

The simple truth is – no great success was ever achieved without failure. It may be one epic failure or a series of failures. But, whether we like it or not, failure is a necessary stepping stone to achieving better outcomes. Complications in surgery exist, but if we can learn from our own and from each others’, we all can strive to do better for our patients. Come join us at this session to take a closer look at some of our complications and figure out what we can do better.

- *Kyle Fiala, DPM, FACFAS*
- *Byron L. Hutchinson, DPM, FACFAS*
- *Cristian Neagu, DPM, FACFAS*

10:00 – 10:15 am

Break/Scan for CME

10:15 am – 12:15 pm

Period 18

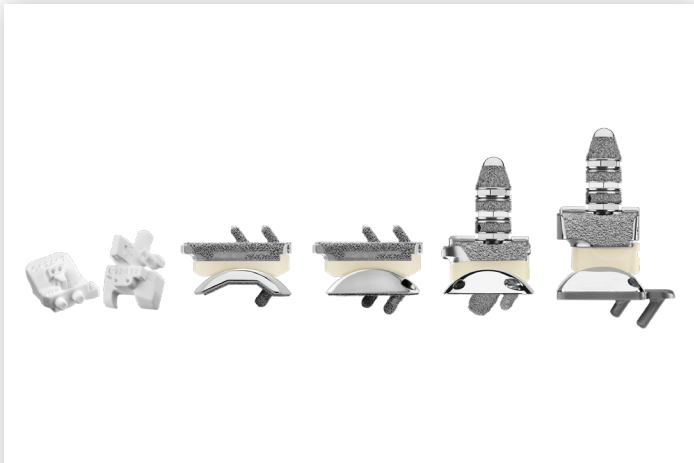

50. Closing Session South Hall J

Thomas J. Chang, DPM, FACFAS (Moderator); Benjamin Cullen, DPM, FACFAS; Sandeep B. Patel, DPM, FACFAS; Brett D. Sachs, DPM, FACFAS

Tripping the Stars!

Join us for this exciting closing session competition - where top minds in foot and ankle surgery compete to solve clinical and surgical problems. Ultimate success will be based on ones ability to think on their feet and compete against the clock. A winner will ultimately be crowned!

ACFAS/PICA Future Leader Scholarship

The new **ACFAS/PICA Future Leader Scholarship** provides a **\$40,000 academic scholarship** to one very fortunate student, supported by an unrestricted grant from PICA. ACFAS Student Club Faculty Advisors on all 10 campuses nominated the top student leader from each podiatric medical school to apply for this award—and we are thrilled to announce the recipient of this incredible opportunity!

Strategic Compass

Directions to Our Future

updated annually by the ACFAS Board of Directors

Our mission

Advancing excellence in foot and ankle surgery to achieve superior patient outcomes.

Our vision

Improving quality of life through exceptional foot and ankle care.

Our Values

- **Educational Excellence:** We aim to exemplify the highest ideals in advancing and improving standards of education and surgical skills in the foot and ankle.
- **Ethics:** We strive to meet the highest ethical standards in all endeavors.
- **Innovation:** We embrace forward-thinking, creativity, and adaptability to improve patient care.
- **Diversity and Inclusion:** We are committed to fostering a community that promotes respect for diversity of opinion, inclusive of all origins with transparent and open communication.
- **Strategic Governance:** We support foot and ankle surgeons through adoption of leading practices in strategic governance.

Our Domains

To achieve the mission and vision and guided by our values, ACFAS members have prioritized these domains:

STRATEGIC COMPASS

OUR STRATEGIC GOALS

To achieve the mission and vision and guided by our values, ACFAS members have prioritized the following domains and strategic goals:

1. Scientific Education

Goal: Deliver trusted, cutting-edge scientific education to members at each stage in their career.

Objectives

- Deliver preeminent CME by offering contemporary and innovative learning to practicing foot and ankle surgeons.
- Deliver leading educational offerings incorporating best practices in education and utilizing advanced learning platforms.
- Develop and provide leading CME at each career stage.

2. Promoting the Specialty

Goal: Increase the public and health care communities understanding of and appreciation for ACFAS members as foot and ankle surgeons.

Objectives

- Define and promote the specialty of foot and ankle surgery to patients, the media, and the healthcare community.
- Educate patients, the community-at-large and the media on foot and ankle health.
- Promoting ACFAS members as the leading experts in the specialty of foot and ankle surgery.

3. Research and Quality

Goal: Support and advance research that improves the quality of foot and ankle care to optimize patient outcomes.

Objectives

- Provide resources to promote and support the generation quality research.
- Facilitate the distribution of quality research and evidence-based science to the membership.
- Generate and utilize data to improve the quality of patient care.

4. Advocacy and Health Policy

Goal: Represent the specialty through professional advocacy to improve the quality of patient care.

Objectives

- Leverage the collective voice of the ACFAS membership to advance physician reimbursement and health policy issues.
- Support patient access to quality care through advocating on issues affecting licensing, privileging, and scope of practice issues.
- Ingrain Health Policy outcomes in education.

5. Professional Community and Development

Goal: Recruit, develop and support a robust community of exceptional foot and ankle surgeons.

Membership Objectives

- Recruit, support, and engage members at every career stage.
- Support the advancement of post graduate fellowships to advance physician expertise and professional equality.
- Support and mentor student clubs to help grow the specialty and future membership within the College.

Professional development Objectives

- Deliver high-quality practice management education and resources.
- Engage and provide support for residency directors and educators.
- Identify and develop leaders in the profession and within the College.

LEARNING OBJECTIVES

Attendees of the American College of Foot and Ankle Surgeons Annual Scientific Conference will be able to:

Understand deformities of the foot and ankle that cause functional abnormalities and pain.

The panel of experts will review clinical diagnosis and the surgical management of the pediatric and the adult flatfoot and cavus foot. Operative interventions will be discussed including procedure selection and description of the accepted techniques. Pitfalls and complications of deformity correction will be discussed.

Appreciate the medical conditions leading to pathology in the foot and ankle.

The attendee will appreciate the underlying systemic diseases that affect planning and outcomes of surgical intervention. The attendee will identify common manifestations of systemic diseases in the lower extremity as well as understand how to prevent the complications related to these systemic diseases.

Evaluate and treat.

The attendee will become familiar with the clinical criteria used to evaluate and treat forefoot, midfoot, rearfoot, and ankle pathologies. Conservative and surgical treatments will be based on evidence-based literature and clinical knowledge provided from expert panels.

Utilize evidence-based guidelines on reducing operative complications.

The attendee will learn risk factors for undesirable outcomes in foot and ankle surgeries. The expert will discuss how those risk factors can apply to different patient populations.

Understand pathologies leading to foot and ankle pain and deformity.

The attendee will learn systematic approaches for evaluation of foot and ankle deformity as well as understand concomitant pathomechanics. The selection of diagnostic imaging modalities and how these studies influence the treatment method will be discussed. The content experts will review the trending research to help guide best standards of practice.

Treat traumatic injuries of the foot and ankle.

The attendee will recognize the various traumatic injuries and fractures that occur in the foot and ankle. The panel of experts will discuss diagnostic studies, surgical planning, surgical technique, and rehabilitation practices to manage these injuries.

Understand best practice guidelines and accepted practices.

Based on the clinical experiences of the panel of experts and the conclusions of the medical literature, the attendee will become familiar with optimal management strategies of foot and ankle conditions. The experts will discuss the current guidelines and consensus and explain how to apply them in a daily clinical practice.

Recognize pediatric deformities presenting in the foot and ankle.

The attendee will recognize common of pediatric foot and ankle deformities. Clinical diagnosis, proper selection of surgical procedures, and timing and techniques will be emphasized to demonstrate proper management of pediatric foot and ankle pathologies.

Examine the role of imaging in diagnosing foot and ankle conditions.

The attendee will examine the available imaging studies to effectively evaluate foot and ankle abnormalities and treatment planning. Manage patient cases involving staging principles, positioning, and fluoroscopy methods.

Develop and refine surgical acumen and skills through lectures and workshops.

Attendees will learn surgical techniques through hands-on workshops emphasizing tissue handling, use of latest implant, and prevention of complications guided by experts in the field.

Establish ethical practices.

The attendee will be exposed to common ethical considerations relating to the practice of medicine and understand the multifaceted nature of the doctor-patient relationship. The changing landscape of healthcare with the influence of e-visits, social media, healthcare policy, and digitalization of medical records will be discussed.

The ACFAS Annual Scientific Conference is made available as an educational service to its members and other members of the medical profession. ACFAS has not independently evaluated the content or techniques discussed or demonstrated by any faculty member. ACFAS does not warrant or endorse any content or technique discussed or demonstrated by any faculty member.

Statements about commercial products are solely the opinion(s) of the presenter(s) and do not represent a College endorsement or evaluation of these products. Additionally, any instrumentation shown/demonstrated during this program may or may not have received FDA approval.

Photographs/Videos

Audio/video taping or recording or photographing of sessions is prohibited. ACFAS routinely takes photos or video of participants in meetings and other conference venues for news and other purposes. By registering for the conference, you grant ACFAS permission to utilize photos of you taken at the conference for ACFAS purposes.

Tax Deduction for Education Purposes

In the United States, an income tax deduction may be allowed for education expenses undertaken to maintain or improve professional skills. This includes registration, travel, meals, and lodging, subject to applicable limitations (see Treas. Reg. 1.162-5; *Coughlin v. Commissioner*, 203 F.2d 307 (2d Cir.1953)).

Conditions of Registration and Attendance

To protect the rights of our exhibitors and the value of our exhibit space, the ACFAS Annual Scientific Conference and the meeting space in which ACFAS events are conducted are not to be used as a venue for marketing products, services, meetings, publications, sponsorships, or memberships except for authorized organizations that purchase exhibit space. Any non-exhibitor found to be in violation of this policy shall be invoiced the fee for one exhibit booth and shall not be admitted to the Exhibit Hall until such fee is paid in full regardless of membership status. ACFAS reserves the right to regulate the use of all hotel space in which ACFAS events are conducted, including but not limited to the distribution of promotional materials to guest or meeting rooms. Meeting rooms and hospitality suites may be available for rental by exhibitors and/or organizations authorized by ACFAS.

Speakers are requested not to promote non-ACFAS programs since the College cannot attest to the content or quality of such events and such promotion could be interpreted as an endorsement of said event(s).

ACFAS reserves exclusive right to modify, postpone/reschedule or cancel programs for any reason, including but not limited to emergency, inclement weather, or other 'acts of God.' Every attempt will be made to reschedule and registration fees will be applied to the rescheduled event date. Any travel, lodging, or incidental expenses incurred cannot be refunded by ACFAS under any circumstance. You may wish to consider personal travel insurance for such expenses. If a canceled event cannot be rescheduled, ACFAS will determine an equitable basis for the refund of a portion, or all, of the registration fee.
